

# CAT® SELF-SERVICE OPTIONS

## PLANNED MAINTENANCE

Performing regular maintenance is essential to the performance and life of your machine. Cat filters and fluids are designed to offer the most reliable and effective protection, allowing you to achieve peak performance and durability from your Cat machine.

Planned maintenance Self-Service Options are comprehensive packages with everything you need to perform your own maintenance. From the maintenance parts needed to step-by-step instructions and a list of recommended tools, planned maintenance Self-Service Options simplify your maintenance process.

## Planned Maintenance

### HOW IT WORKS

<b>Step 1</b>	Select your maintenance interval	>	<ul style="list-style-type: none"><li>• PM1: Every 250 hrs of machine operation</li><li>• PM2: Every 500 hrs of machine operation</li><li>• PM3: Every 1,000 hrs of machine operation</li><li>• PM4: Every 2,000 hrs of machine operation</li></ul>
<b>Step 2</b>	Select the parts you want	>	Customize the parts included by selecting from a list of recommended and optional parts
<b>Step 3</b>	Get 1 box with everything you need	>	<b>Contents Include:</b> <ul style="list-style-type: none"><li>• Parts</li><li>• List of items to inspect and check</li><li>• List of tools needed to perform tasks</li><li>• Instructions needed to complete all of the recommended tasks</li></ul>
