PETERSON **IRON DAYS** DEMO DAYS

YOU'RE INVITED TO **IRON DAYS: DEMO DAYS**

Join representatives from Peterson Cat, SITECH® Oregon, Trimble®, and Caterpillar® for two days of fun and learning in the dirt!

We'll have plenty of the latest new Cat® machines outfitted with Trimble technology for the worksite.
Bring your operators and plan to spend time in the cab!

- Cat Next Gen compact track loaders with Inertial Measurement Unit (IMU) installed
- Cat Next Gen compact track loaders with GB124 Grader Blade
- Cat D6 dozer
- Cat 305 mini-excavator with Trimble guidance unit
- Cat 308 with Ease Of Use (EOU) technology
- Cat 938 wheel loader
- Trimble 3D dual GNSS mastless grade control for dozers
- Trimble 3D dual GNSS mastless grade control for motor graders
- Trimble Universal Total Station/Dual GNSS on GB124 Grader Blade
- Trimble 3D dual GNSS for hydraulic excavators
- Siteworks Machine Guidance for hydraulic excavators
- ... and more!
